SCAM ALERT – FAKE Health Department Survey is Being Circulated

New York City Hospitality Alliance understands that there is a survey being circulated to food service establishments around New York City claiming to be from the NYC Department of Health. The Department of Health has advised us that this is NOT a real survey and has NOT been authorized by them. DO NOT complete this survey. Please advise all colleagues and employees of this matter and the importance of not providing any information.

The Inspector General is in the process of investigating the source of this scam. In the meantime, should you or any members of your company receive a survey or phone call referring to it, they should report it to the NYC Department of Investigation at (212) 825-5904.
